# ***Q Station (BellQPro)***

## ***Quick Installation Guide***

### ***For iOS***

### ***(Q Bulb)***

***(Support iOS Version: 6.1 and above)***

# 1. Installation

Figure 1: Power up Q Station

### Installation Steps:

- 1) Plug in Power Adapter to Q Station.
- 2) Connect the Q Station to the LAN of your Home Router with LAN cable (optional).  
(If you want to connect internet wirelessly, please refer to Q Station User Guide.)
- 3) Connect the Audio Cable from your Q Station to the AUX of your stereo or speaker.
- 4) Make sure the indicator light of Q Station is blinking with red (left) and blue (right).
- 5) Screw-in the Q Bulbs.

## 2. Connect your smart device to Wi-Fi

By changing your Wi-Fi connection to "bellnetXXXXXX", you will connect to the Q Station.

### Notice:

- By default, Q Station SSID is "bellnetXXXXXX". No Encryption. (XXXXXX is the last 6 digit of your MAC)
- Once it is successfully connected to the Q Station, the right indicator light should be a steady blue color. Otherwise it will be blinking.

Figure 2: Connect Q Station SSID

### 3. Play music & Light show (use your smart phone)

- 1) Click the built-in APP “Music”  to play music.
- 2) Select a song, then play the song.
- 3) Swipe the screen to select speaker in AirPlay, choose “bellmusicXXXXXX” as your speaker. (Figure 4)

**Notice:**

- By default, Q Station Speaker Name is “bellmusicXXXXXX”.(XXXXXX is the last 6 digit of your MAC)
- AirPlay protocol allows you to stream music to the stereo or speaker which is connected to the Q Station. And the Q Bulbs will blink synchronously with your music.
